## About UEN

The Urban Education Network of Iowa (UEN) is a consortium of school districts in Iowa with two high schools or urban tendencies. The UEN enrolls over 42% of Iowa's total public school enrollment. Although the UEN was formed to represent the unique characteristics of Iowa's more urban districts, most UEN initiatives also address issues related to all of Iowa public schools.

Maintaining partnerships is vitally important to the mission of the UEN. These partnerships include, but are not limited to: School Administrators of Iowa, Iowa Association of School Boards, Iowa State Education Association, Iowa PTA, Rural School Advocates of Iowa and Common Good Iowa. The UEN also appreciates the American Association of School Administrators, National School Boards Association and the Urban Superintendents Association of America. Iowa School Finance Information Services, provides administrative and public policy research support to the UEN.

## 2022 List of Successes

Despite the overall funding and school choice policy challenges of the 2022 Legislative Session, there are some notable successes for urban schools and students worthy of mention and significant enough to include when thanking Legislators and the Governor for their service:

- **Teacher/Staff Shortage Policies:**

- **[HF 2081](#) PRAXIS:** eliminating the need for college graduates to pass the PRAXIS test to obtain an Iowa teaching license. This is especially helpful for districts hiring foreign language teachers for whom English is not their primary language or teachers that represent disadvantaged student groups who also struggle in the testing environment, but have demonstrated portfolios and skills for teaching.
- **[HF 2165](#) Future Ready Workforce Scholarships:** allows part-time students to qualify for scholarship support. Educators are included in shortage areas. This flexibility pairs with the Governor's Teacher and Para-educator registered apprenticeship program to recruit and prepare individuals to teach in our schools.
- **[HF 2549](#) Mental Health Professional Loan Repayment Program:** establishes a College Student Aid Commission fund for loan forgiveness. Requires mental health professionals to work in Iowa for at least 5 years if full-time and 7 years if part-time to qualify for loan repayment grants. \$520,000 was appropriated in the Education Appropriations bill HF 2575 to get the program started.
- **[SF 2266](#) IPERS Earnings Limits:** increases the income threshold of an IPERS benefits recipient under age 65 employed by an IPERS employer from \$30,000 to \$50,000 without loss of IPERS income. Also increases the conflict of interest threshold for a school board member who receives income from their school district from \$6,000 to \$20,000. (*Note: IPERS retirees still need to fulfill the bona fide retirement period of four months.*)
- **[SF 2383](#) Licensure Reciprocity in Governor's Workforce Omnibus Bill:** eliminates the requirement for a person with a license from another state to have at least one year of experience before receiving licensure reciprocity in Iowa.
- **Equity:** An additional reduction of \$5 per pupil in the formula equity gap was accomplished and transportation equity payments for above-average transportation costs were continued ([HF 2316](#)).
- **Student Mental Health:** \$3.4 million appropriation to AEAs for mental health training and student supports and services ([HF 2575](#)), which is an increase of \$200,000. See also Mental Health Professionals Loan Repayment Program above.
- **Radon Testing Local Control:** although otherwise a state mandate, the bill expanded flexibility to use SAVE/State Penny for School Infrastructure funds for Radon Testing/Mitigation and allowed districts to train local staff to conduct the testing and implement mitigation. ([HF 2412](#))

## UEN Legislative Digest

### Details of Legislation in the 2022 Session

Governor Reynolds had 30 days following the May 24 close of the 2022 Legislative Session to sign or veto any bills sent to her in the closing days of the Session. The bills enacted by the 2022 session and detailed below, as signed or vetoed by the Governor, organized into the following categories.

**Funding and Appropriations Bills**

**Tax and Revenue Legislation**

**Policy Legislation Impacting Education Workforce**

**Other Policy Legislation Impacting Schools**

**Bills That Died During the 2022 Session (did not make it to the Governor's Desk)**

#### Funding and Appropriations Bills

**HF 2575** Education Appropriations: This bill provides many line item appropriations for PK-12 and Postsecondary Education, the Department of Education and other state entities, but does not include State Foundation Aid which is found in the Standings Appropriations Bill below. The following information comes from the LSA's [NOBA](#) publication. This bill appropriates:

- **State General Fund:** a total of \$992.9 million and 11,771.5 full-time equivalent (FTE) positions for FY 2023 to the Department for the Blind, the College Student Aid Commission, the DE, and the Board of Regents. This is an increase of \$20.5 million (2.1% increase) and an increase of 4.2 FTE positions compared to estimated FY 2022.
- **Other Funds FY 2023:** a total of \$40.3 million from the Skilled Worker and Job Creation Fund (SWJCF) for FY 2023. This maintains the current level of funding compared to estimated FY 2022.
- **Standing Appropriations FY 2023:** In addition to the appropriations in this Bill, includes the standing appropriation of \$1.8 million to the College Student Aid Commission for Vocational-Technical Tuition Grants.

Additional language/policy included in HF 2575:

- **Excluded BOEE for Reduction of Fees:** Division X of the Bill strikes language referencing the BOEE included in SF 2383 (Workforce Omnibus Bill). SF 2383 eliminated the collection of fees by the BOEE for any first-time licensee w/household income below 200% of the federal poverty level. The addition of this language reverses that action from SF 2383.

- **Elementary Reading Assessments:** Requires DE to provide reading assessments for PK-6 to identify students not proficient in reading. Allows DE to charge school districts for the cost of the assessment, which school districts may pay out of Early Intervention funds. The [NOBA](#) mentioned that DE has not charged school districts for this in the past, even though they have previously had the authority to do so.
- **TLC Technical Assistance:** Requires DE to give priority to school districts with certified enrollment below 600 students for funds allocated for Teacher Leadership and Compensation technical assistance under the Student Achievement/Teacher Quality appropriation.
- **Antibullying Report:** Requires DE to submit a written report by Jan. 15, 2023, to the General Assembly describing the DE's antibullying programming and current and projected expenditures for antibullying programming for FY 2023.
- **Mental Health Rural Pilot Report:** Requires DE, in collaboration with the statewide not-for-profit health care organization receiving moneys for the children's grief and loss rural pilot program, to prepare a report detailing the expenditure of moneys used for the purposes of the program and its outcomes to the General Assembly by Sept. 30, 2023.
- **Charter School Funding Clean-up Language:**
  - Requires the specified calculated costs per pupil for each student enrolled in a charter school who was not included in the actual enrollment of the district of residence to be paid by DE directly to the charter schools instead of being paid by the student's school district of residence.
  - Requires the school district of residence to pay to a charter school the actual costs of providing appropriate special education as itemized and delivered to the district by the charter school on or before February 15 and July 15 of each year.
  - Requires the specified calculated costs per pupil for each student enrolled in a charter school who was included in the actual enrollment of the district of residence to be paid by DE directly to the charter schools for the school year the student was enrolled in the charter school.
  - Requires the amount paid to the charter school to be deducted from the payments to the district of residence in the succeeding fiscal year.
  - The NOBA states: "An estimated 275 students will attend a charter school who were not included in the actual enrollment of the district of residence for FY 2023. DE will pay to the charter schools an estimated \$2,600,000 from the General Fund standing unlimited appropriation for charter school funding during FY 2023."
- **Student Achievement and Teacher Quality Program Funding Allocations.** The funds are allocated across the following six programs:
  - **National Board Certification**, which is available to teachers nationwide and requires candidates to demonstrate teaching practices as measured against rigorous standards.
  - **Ambassador to Education**, which is filled by the Teacher of the Year, who acts as an education liaison to primary and secondary schools in Iowa.

- **Career Development and Evaluator Training**, which coordinates a statewide network of PD resources, supports developing teacher quality committees in every school district and AEA, and provides evaluator training to administrators and other school officials.
- **Teacher Development Academies**, which provide intensive professional development.
- **Teacher Leadership and Compensation (TLC) Technical Assistance** to support the TLC allocation, which is funded for all school districts through the school aid formula.
- **Fine Arts Mentoring**, which funds a contract between the Department of Education and the Iowa Arts Alliance that provides PD and mentoring services for beginning fine arts teachers.
- **High-Needs Schools:** Postpones the allocation of \$10,000,000 for high-needs schools out of Student Achievement Teacher Quality funds until the year beginning July 1, 2023. *(This was originally part of the 2013 Education Reform Act and has been postponed every year since. This is a priority of the UEN.)*
- **iJAG** increase of \$3,480,262 compared to estimated FY 2022 will be used to start an estimated 151 programs in schools across the State. The iJAG program is a state-based national nonprofit organization dedicated to preventing dropout among students considered most at risk.
- **Early Reading Assessments:** Requires DE to provide reading assessments for PK-6 to identify students not proficient in reading. Allows DE to charge school districts for the cost of the assessment, which school districts may pay out of Early Intervention funds. Currently, DE provides the assessments at no cost to schools. Local school districts use universal screening and progress monitoring assessments and store student performance data on a statewide database.
- **Nonreversion:** Allows use of carry-forward funds in many different areas that would otherwise revert (for example, \$800,000 for the Iowa Reading Research Center)
- **Pandemic Bonuses:** DOES NOT include language on the \$1,000 pandemic bonuses (that was moved to a larger tax bill also passed in the last two days of Session).
- **Superintendent Severance:** Does not include language limiting superintendent severance. Those provisions were eliminated from the bill in the Senate.

This bill was approved by the Senate May 23, 29:16, approved by the House on May 23, 52:32, and signed by Governor Reynolds on June 17. UEN was registered as undecided on this bill.

**HF 2589 Standing Appropriations:** This bill, typically the last bill approved in a Legislative Session, limits appropriations that would otherwise automatically happen, or “stand” without legislative action or makes other appropriations. This bill also typically includes last-minute policy language that did not get through the normal process. This year is no exception. The actions of the Standings Appropriations bill include the following:

- Decreases \$33.7 million compared to what would be otherwise appropriated, which leaves a total of \$4.183 billion (after these reductions)
- Reduces **nonpublic school transportation** appropriation to \$8,997,091 (same as FY 2022)
- Sets **ISL state share** at zero (legislatures have been deappropriating this mandated state share since 2011).

- **Cuts AEAs \$17 million**, which is a reduction of an additional \$2 million and specifies that \$2 million must be equal to the AEAs PD district cost determined under section 257.37A, subsection 2, for the budget year beginning July 1, 2022 for implementation of Chapter 284.
- **Division V Eliminates the March 1 open enrollment deadline.** Requires school boards to act timely on the application. Receiving district may deny application due to insufficient classroom space. Requires DE to write emergency rules to implement this change. Effective on enactment (when the Governor signs it, although as of this writing, it is not yet enrolled in the form to be sent to the Governor). For purposes of Varsity Athletic Participation, the “good cause” standard must still be met to participate in varsity athletics prior to a 90-day waiting period. The good cause standards as written in this bill include exception for any of the following:
  - a change in a child’s residence due to a change in family residence,
  - a change in a child’s residence from the residence of one parent or guardian to the residence of different parent or guardian,
  - a change in the state in which the family residence is located,
  - a change in a child’s parents’ marital status, a guardianship or custody proceeding, placement in foster care, adoption,
  - participation in a foreign exchange program, initial placement of a prekindergarten student in a special education program requiring specially designed instruction, or participation in a substance abuse or mental health treatment program,
  - a change in the status of a child’s resident district such as removal of accreditation by the state board, surrender of accreditation, or permanent closure of a nonpublic school, revocation of a charter school contract as provided in section 256E.10 or 256F.8, the failure of negotiations for a whole-grade sharing, reorganization, dissolution agreement, or the rejection of a current whole-grade sharing agreement, or reorganization plan.
  - resident and receiving district may mutually agree to allow athletic participation

**Division VII Operational Sharing** added the position of college and career transition counselor or coordinator to the operational sharing incentives list of positions that can be shared by districts and generate addition supplementary weighting.

This bill was passed on the final day of the 2022 Legislative Session, first by the House on May 24, 56:39, then by the Senate, 30:14, and signed by Governor Reynolds on June 21. UEN was registered as undecided on this bill but opposed the open enrollment deadline changes.

**Policy Note:** check your student handbook and school board policy on open enrollment. Here is some suggested language, however, we encourage districts to have their school attorneys review policy changes. The income eligibility threshold for resident district transportation assistance was increased to 200% of the federal poverty level during the 2021 legislative session. The Iowa Code allows the resident district to deduct the transportation assistance from the tuition paid on behalf of the open enrolled student to the receiving district.

### **Open Enrollment**

Students may request to enroll into another school district at any time during the school year. The district to which the student wishes to open enroll may refuse the enrollment request based on insufficient space as defined in the receiving districts’ school board policy.

Parents/guardians of open enrolled students whose income falls below 200% of the federal poverty guidelines are eligible for transportation assistance. This may be in the form of actual transportation or in the form of a cash stipend.

**Restrictions on participation in interscholastic athletic contests and competitions.** A pupil who transfers school districts under open enrollment in any of the grades 9 – 12 shall not be eligible to participate in varsity interscholastic contests and competitions during the first 90 school days of the transfer. This restriction also shall apply to transfers resulting from an approved petition filed by a parent or guardian to transfer to an alternative receiving district and when the pupil returns to the district of residence using the process outlined in DE Administrative Rules. The 90-school-day restriction does not prohibit the pupil from practicing with an athletic team during the 90 school days of ineligibility. The 90-school-day restriction is not applicable to a pupil who:

- participates in an athletic activity in the receiving district that is not available in the district of residence.
- participates in an athletic activity for which the resident district and receiving district have a “cooperative student participation agreement” in place as provided by rule 281-36.20(280).
- is requesting open enrollment due to a change in circumstances that meet the definition of good cause exemption from the 90-day waiting period in Iowa Code 282.18, subsection 11, paragraph 1, subparagraph 8, including:
  - change in child’s residence due to a change in family residence
  - change in child’s residence from the residence of one parent or guardian to the residence of a different parent or guardian
  - change in the state in which the family residence is located
  - change in a child’s parents’ marital status, a guardianship or custody proceeding, placement in foster care, adoption, participation in a foreign exchange program
  - participation in a substance abuse or mental health treatment program
  - change in the status of a child’s resident district such as removal of accreditation by the state board, surrender of accreditation, or permanent closure of a nonpublic school, revocation of a charter school contract, the failure of negotiations for a whole grade sharing, reorganization agreement, or the rejection of a current whole grade sharing agreement or reorganization plan.

*(Note: A founded case of bullying/harassment still qualifies as a good cause exemption allowing immediate varsity athletic eligibility, as it was unaffected by this legislation. That exception is articulated in another Code section not amended by this new open enrollment language, confirmed per discussion with DE staff. DE guidance regarding this change and exceptions for immediate varsity athletic participation are posted on the DE website here:*

*[https://educateiowa.gov/sites/files/ed/documents/2021-07-02\\_AthleticEligibilityGuidance.pdf](https://educateiowa.gov/sites/files/ed/documents/2021-07-02_AthleticEligibilityGuidance.pdf).)*

**HF 2316 School Funding (SSA)** set at 2.5% increase per pupil. Many of the following details laid out below come from the LSA's [Fiscal Note](#).

Big picture, the State Cost Per Pupil funds districts and AEAs. The formula generates a mix of State aid and property taxes.

In general, per pupil amounts provide a ceiling (budget limitation also known as spending authority).

This chart from the fiscal note shows the **five State Cost per Pupil funding levels** increased by a 2.50% State percent of growth for FY 2023 with the enactment of HF 2316:

**Table 1 — HF 2316**

**FY 2023 State Cost Per Pupil Calculations**

	FY 2022 State Cost Per Pupil	FY 2023 State Percent of Growth	FY 2023 Supplemental State Aid	FY 2023 Additional SCPP Dollars	FY 2023 State Cost Per Pupil
Regular Program	\$ 7,227	2.50%	\$ 181	\$ 5	\$ 7,413
Special Education Program	7,227	2.50%	181	5	7,413
AEA Special Education Services	315.97	2.50%	7.90	-	323.87
AEA Media Services	58.91	2.50%	1.47	-	60.38
AEA Education Services	65.00	2.50%	1.63	-	66.63

In addition to the State percent of growth and SSA amounts for FY 2023, enrollments, weightings, and taxable valuations within each school district have an impact on the amount of total school aid funding, including the amount of State aid and local property tax required to generate the total funding amount.

**Per Pupil Categoricals** for public schools and AEAs are also impacted by the SSA rate. Teacher Leadership and Compensation is the only categorical with a consistent per pupil amount across the state. The others have different per pupil amounts, which all grow by the dollar figure, so it is not exactly 2.5% growth of your district's per pupil number in Teacher Salary Supplement, for example.

**FY 2023 State Categorical Cost Per Pupil Calculations**

	FY 2022 State Cost Per Pupil	FY 2023 State Percent of Growth	FY 2023 Supplemental State Aid	FY 2023 State Cost Per Pupil

Professional Development – AEAs	3.79	2.50%	0.09	3.88

Additionally, there is a budget guarantee provision for each of the State categorical supplements, which provides each district and AEA with a minimum of the previous fiscal year's level of funding (net of the previous year's budget guarantee amount). This provision for the State categorical supplements is funded entirely through State aid.

HF 2316 grows the **Property Tax Replacement Payment (PTRP)** to \$175 per pupil. The action lowers the fixed additional levy, capped at \$685 per pupil, beginning July 1, 2022. In the 2021 Legislative Session, the foundation threshold was increased from 87.5% to 88.4% foundation level effective in

the 2022-23 school year. The increased foundation level and frozen additional levy portion lower property taxes and increase the state cost of the formula, thus changing the mix of funding.

**Transportation Equity:** the bill appropriates the amount needed to get all districts to the statewide adjusted average. The funding goes up to \$29.5 million, which is an increase of \$2.0 million, or a 7.28% increase. Here's a description from the Fiscal Note:

**Transportation Equity Program.** Iowa Code section 257.16C establishes the Transportation Equity Program. The Program was created to provide additional funding to school districts for public school transportation costs that exceed a statewide adjusted average cost per student. Transportation equity payments may buy down transportation costs to the statewide average cost per student for providing transportation to public schools. If funding permits, school districts with transportation costs per pupil below the statewide average will receive transportation base funding payments on a per capita basis.

The following tables, also from the Fiscal Note, show the state and property tax dollar amounts per pupil and total, percent and dollar changes, and other details regarding the fiscal impact to the state of HF 2316:

This bill was passed by the House, 57:10 on Feb. 10, passed the Senate 31:17 on Feb. 14, and was signed by the Governor on Feb. 17<sup>th</sup>. UEN was registered as undecided.

**HF 2564 Economic Development Appropriations:** appropriates \$250,000 to Iowa Workforce Development for a Future Ready Iowa Summer Youth Intern Pilot Program intended to help young people at-risk of not graduating from high school explore and prepare for high-demand careers through summer work experience, including the development of soft skills. Maintains the current funding level compared to estimated FY 2022. The Program began with the enactment of HF 2493 (FY 2019 Economic Development Appropriations Act) during the 2018 Legislative Session.

The bill also appropriates \$1,492,042 to the Iowa Public Employment Relations Board (PERB), which is a status quo funding level for FY 2023 (same as FY 2022). The appropriation is used for implementing the provisions of the Public Employment Relations Act (PERA), and for adjudicating and resolving labor/management disputes involving Iowa public employers and employee organizations. The bill requires the allocation of \$15,000 for a searchable website containing collective bargaining information. UEN was not registered on this bill. The Senate passed is 31:14 on May 23, the House agreed, 56:33, on May 24, and Governor Reynolds signed it on June 17, 2022.

**HF 2579 RIIF and TRF Appropriations:** this bill appropriates funds from the Rebuild Iowa Infrastructure Fund and Technology Reinvestment Fund (revenues generated from lottery and gambling in Iowa) for many things, of which the following impact education:

- Department of Education (DE) ICN Part III Maintenance and Leases: Appropriates \$2.7 million from the TRF to the DE for maintenance and lease expenses associated with Part III fiber connections for the Iowa Communications Network (ICN).
- Public Broadcasting Equipment: Appropriates \$1.0 million from the TRF to the DE for Iowa Public Broadcasting Service (PBS) to replace existing broadcasting equipment.
- Statewide Interoperable Communications System: Appropriates \$4.3 million from the RIIF to the DPS to fund lease payments and maintenance of the Statewide Interoperable Communications System.
- Department of Revenue (IDR) Tax System Modernization: Appropriates \$4.1 million from the TRF to the IDR to continue updating information systems used for tax administration.

This bill was approved by the Senate May 23 45:0, by the House 81 to 3 on the same day and signed by Governor Reynolds on June 17. UEN did not register on this bill.

## Tax and Revenue Legislation

**HF 2317 Income Tax Reduction:** phases in a 3.9% flat income tax rate through FY 2026, exempts retirement income, lowers the corporate tax rate to a fixed 5.5% and makes other changes. The biggest reductions in state General Fund hit the balance sheet in FY 2026 and beyond, as the following table shows. The bill was passed in the House, Feb. 21, 55:39 and in the Senate, March 2, 31:17. The Governor signed this bill on March 3. UEN opposed this tax reduction, which will make it even more difficult to adequately fund public schools in the future.

The following table from the HF 2317 [Fiscal Note](#) shows the expected impact of these historic income tax cuts on the state general fund.

### Fiscal Impact

The Bill is projected to reduce individual and corporate income tax liability and State General Fund revenue by the amounts in **Figure 2**.

\* The tax reduction and retirement income components were estimated separately and in combination. This table presents the fiscal impacts separately, and the final line of the individual income tax portion of the table adjusts for the interaction of the two tax reductions.

**Income Surtax Impact:** The Fiscal Note also states, “The decrease in tax liability is projected to also decrease the statewide yield of the local option income surtax for schools by \$5.2 million in FY 2023, increasing to \$41.0 million by FY 2028. To adjust for the reduction in surtax revenue, local school districts that have the surtax in place may raise the surtax percentage in order to reduce the level of revenue reduction.”

**SF 2367 Sales Tax Matters:** this bill exempts some items from sales tax and eliminates the sales/use tax exemption on the sales prices from the sale or rental of computers or computer peripherals by an insurance company, financial institution or commercial enterprise. Those combined actions have a slight impact on SAVE fund distributions for school districts, as shown in this table from the [Fiscal Note](#):

## Division II — Sales and Use Tax Exemptions

### Description and Background

The Bill makes the following changes to the sales tax base. All changes are effective January 1, 2023, except for the removal of exemption for computers and peripherals, which is effective January 1, 2024.

- Eliminates the sales/use tax exemption on the sales price from the sale or rental of computers or computer peripherals by an insurance company, financial institution, or commercial enterprise.
- Exempts from sales tax the purchase of SDP, prewritten computer software, and related services sold to public utilities.
- Exempts from the sales tax the sale of feminine hygiene products.
- Exempts from sales tax the sale of child and adult diapers.

### Assumptions/Fiscal Impact (Division II)

- The IDR estimates that sales/use tax revenue will increase 3.6% in FY 2023, 3.0% in FY 2024, 2.7% in FY 2025, 2.6% in FY 2026, 3.0% in FY 2027, and 3.0% in FY 2028. Those Department estimates are used for fiscal impact calculations. The changes to items added to the sales tax base and the removal of exemptions are shown in **Table 2** and include impacts to the SAVE Fund distributions.

Table 2 — Increase in Sales/Use Tax Collected

FY 2028	66.2	-2.1	-10.3	53.8	9.0	44.8

The FY 2023 amount is for one half of the fiscal year.

The bill also exempts calendar year 2022 bonuses paid to certain categories of workers as determined by the Governor's pandemic retention bonus payments from state income tax. Watch for additional guidance, but this will most likely be handled between teachers and their tax preparers when filing taxes next year. This bill was passed by the House 83:0 on May 23, the Senate agreed 44:0 the same day, and Governor Reynolds signed this bill on June 17, 2022. UEN was registered as undecided.

**SF 2366 Wind Energy Conversion:** this bill corrects current law that allows wind turbine repair to reset the valuation schedule, which has the effect of postponing property valuation growth (impacts local levy capacity and increases state aid to account for it.) The bill states that maintenance, refurbishing, and/or repowering of the property shall not cause the project to receive the benefit of a new valuation schedule. The Senate passed this bill 47:0 on March 30, the House agreed on April 4, 91:5, and the Governor signed it on May 23, 2022. UEN supported this bill.

### **Policy Bills Impacting Teacher Workforce**

**HF 2081 Praxis:** eliminates the requirement that practitioner preparation program admissions candidates and/or teachers pass the PRAXIS test for admissions, licensure or employment. Directs colleges to notify alumni that previously did not deliver a score above the passing threshold on the PRAXIS that the requirement is no longer a restriction. This bill was passed on Feb. 28 by the House, 94:0, the Senate agreed on May 23, 46:0, and Governor Reynolds signed it on June 13. UEN supported this bill.

**HF 2165 Future Ready Workforce Scholarships:** allows part-time students to qualify for Last Dollar Scholar, which provides scholarship support for various workforce shortage positions in the State. Educators are included in the shortage area positions. This flexibility could blend with the Governor's Teacher and Para-education registered apprenticeship program or other efforts to attract and recruit individuals to teaching positions. This bill was approved by the Senate 44:0 on May 23, the House agreed 77:12 on May 24, and Governor Reynolds signed this bill on June 13, 2022. UEN was undecided on this bill.

**HF 2198 Child Care Staffing:** lowers minimum age requirements for employees who independently care for children to age 16 and increases staff-to-child ratios. This bill was approved by the Senate on April 18, 30:18, by the House 52:42 on April 26, and Governor Reynolds signed it on June 16, 2022. UEN did not register on this bill.

**HF 2493 Paras as Subs:** allows para-educators holding substitute authorizations to substitute in any Pk-12 classroom except drivers' education during the 2021-22 school year. Requires the school district to make a good faith effort to hire a teacher and allows BOEE to make emergency rules. Governor Reynolds vetoed the bill on June 17, 2022. Her veto message stated that this bill would limit the flexibility to the 2022-23 school year, whereas the administrative rules moving forward through the Board of Educational Examiners will grant this flexibility indefinitely. UEN supported the bill, but given the timing, agreed with the Governor's action. UEN staff also testified in support of the proposed administrative rule to the Legislative Administrative Rules Review Committee.

**HF 2549 MH Professional Loan Repayment Fund:** establishes the fund in the College Student Aid Commission. Requires the mental health professional to work in Iowa for at least 5 years if full-time and at least 7 years if part-time in order to be a recipient of the local repayment grants. This bill was approved in the Senate 44:0 on April 25, in the House, 83:0 on May 23, and Governor Reynolds signed it on June 13, 2022. UEN supported the bill.

**SF 2266 IPERS Earning Limits:** increases the income threshold of an IPERS benefits recipient under the age of 65 employed by an IPERS employer from \$30,000 to \$50,000 without loss of IPERS income. IPERS retirees still need to fulfill the *bona fide* retirement period of four months. IPERS has a brochure that explains the requirements, which can be downloaded from here:

[https://ipers.org/sites/default/files/publication\\_2022-04/BFR\\_2022-3rev.pdf](https://ipers.org/sites/default/files/publication_2022-04/BFR_2022-3rev.pdf). The bill also increased the conflict of interest threshold for a school board member who receives income from their school district from \$6,000 to \$20,000. This bill was approved by the Senate, 49:0 on Feb. 21, by the House 99:0 on Mar. 2, and Signed by the Governor March 23, 2022. UEN supported it.

*(Note: Please check your school board policies and employee handbooks for any references to IPERS thresholds or conflict of interest that need to be updated. A more limiting board policy would be legal but would also limit your district's ability to access this flexibility.)*

**SF 2383 Governor's Workforce Omnibus Bill:** This bill was approved by the Senate 48:0 on Apr. 5, by the House 70:24 on Apr. 26, and Governor Reynolds signed this bill on June 16, 2022. UEN was registered as undecided. Provisions impacting schools in this bill include:

- **Division II Work-Based Learning:** requires annual reporting by the boards of directors of school districts on student work-based learning participation. The programs required to be reported include registered apprenticeships, quality pre-apprenticeships, internships, on-the-job training, and projects through the Iowa Clearinghouse for Work-Based Learning. Makes changes to Iowa Code section 272.1 by adding the definition of "work-based learning program supervisor" as a person who is certified to supervise students' opportunities and experiences related to workplace tours, job shadowing, rotations, mentoring, entrepreneurship, service learning,

internships, and apprenticeships. Requires BOEE to adopt rules for the certification of work-based learning program supervisors. Certification must include instruction related to fundamentals in career education, curriculum, assessment, and the evaluation of student participation. Requires the 8<sup>th</sup> grade career plan to include that school district, prior to graduation, advise the student how to successfully complete the FAFSA.

- **Division IV Military Spouses:** expedites the process of licensing for military and military spouses. Added BOEE to list of licensing entities required to waive licensing fees for first-time applicants below 200% of the FPL (this provision was removed in the Education Appropriations bill HF 2575). *Strikes a requirement for the licensee to have been licensed for at least one year in another jurisdiction to receive a license in Iowa without an examination.* This action simplifies licensure reciprocity with other states and makes it easier for Iowa school districts to hire new teacher graduates from colleges in other states. *(Note: despite the division title, this provision is not specific to military or spouses.)*

### Other Policy Bills Enacted in the 2022 Legislative Session

- **HF 771 Bronchodilators:** adds self-administration of bronchodilators to Iowa Code 280.16, if parents provide written authorization, the school district notifies the parent in writing that the school does not have liability related to the self-administration, a health-care professional provides written statement regarding the student's use of the medication, for a period of one-year which must be renewed annually. Allows the district to withdraw the privilege if the student misuses the privilege. Allows health care professionals to provide a prescription to a school district to stock bronchodilators and allows trained school professionals to administer the medication in good faith, including protection from liability. This bill passed on the last day of Session, May 24, first by the Senate 44:0 and then by the House 95:0. Governor Reynolds signed it on June 14, 2022. UEN was undecided.
- **HF 604 Deaf and Hard-of-hearing Children:** directs the DE to appoint an Early Language Development Consultant and assign duties to the Consultant including the development and dissemination of resources to parents and educators. The bill establishes a language assessment program with the purposes of assessing, monitoring, and tracking the language development milestones of children who are deaf or hard-of-hearing. The DE is directed to establish an advisory committee, (committee membership is detailed in the legislation). The DE is required to publish an annual report regarding language and literacy development for deaf and hard-of-hearing children from birth through 8 years of age. This bill was approved in the Senate, 48:0 on Apr. 5, the House agreed on Apr. 6, 97:0, and Governor Reynolds signed it on May 24, 2022. UEN was undecided.
- **HF 2080 Operational Sharing:** adds a school resource officer (SRO) at 3-student weighting. In another section of Iowa Code which is not changed by this legislation, all positions which generate weighting equivalent to 3 students is lowered to a weighting equivalent of 2 students. (IC [257.11](#) subsection 5(b)). The bill also allows an individual to provide different sharing functions (could be HR director in one district and SBO in another, for example). The bill also increased the supplementary weighting for a shared superintendent from 8 to 9 students. This bill was approved in the Senate, 45:0 on May 23, the House agreed on May 24, 87:1, and Governor Reynolds signed the bill on June 13, 2022. UEN was undecided.

*(Note: For other operational sharing legislation, see the Standings Appropriations bill which added a college and career transition counselor or coordinator position to the operational sharing program.)*

- **[HF 2127 Child Care Family Payments](#)**: allows childcare facilities to charge fees to parents above the state contribution to childcare assistance payments. This bill was approved in the House, 61:37, on March 2, the Senate agreed on May 2, 29:16, and Governor Reynolds signed the bill on June 13, 2022. UEN did not register on this bill.
- **[HF 2298 COVID Immunization](#)**: prohibits school districts, child care centers, and postsecondary schools from requiring COVID immunization for enrollment through July 1, 2029. The House approved the bill, 57:36 on Feb. 28, the Senate agreed 29:16 on May 24, and Governor Reynolds signed it on June 14, 2022. UEN was undecided on the bill.
- **[HF 2330 E-Delivery of Insurance Notices](#)**: allows a sponsor or policyholder of a group health plan to consent to notices and documents delivered by electronic means, unless there is a federal requirement for a specific mode of delivery, on behalf of the sponsor or policyholder's covered employees and covered persons. For such consent to be effective, the sponsor or policyholder is required to do many things, so check the link for the details if interested. UEN did not register on this bill. The Governor signed it on May 2, 2022.
- **[HF 2355 Unemployment Insurance Benefits](#)**: limits total compensation to 16 weeks (current law is 26 weeks). (FYI: the legislature did not get consensus to require a one-week waiting period.) The [Fiscal Note](#) estimates reduction in statewide benefits paid of about \$70 million. Will reduce UE compensation funds paid by employers over the long haul. The House approved this bill 97:0 on Feb. 23, the Senate agreed 48:0 on Apr. 5, and Governor Reynolds signed it on June 16, 2022. UEN did not register on this bill.
- **[HF 2412 Radon Testing and Mitigation](#)**: requires public school districts to establish a radon plan and have at least one short-term radon test done at each attendance center by July 1, 2027, and at least once every 5 years thereafter. Testing must be based on recognized national standards that outline school radon testing practices. If the results of the initial testing are above a specified level, additional testing and potential mitigation would be required within 2 years of the first test. Mitigation would not be required if the school district intends to abandon the building within 5 years or has a plan to renovate the attendance center within 5 years and the renovation will include radon mitigation. All new school construction is required to incorporate radon-resistant construction techniques. Adds radon testing and mitigation to the list of permissible uses of revenues from the SAVE fund. The bill was approved in the House, 93:2 on Mar. 7, in the Senate 47:0 on Mar. 29, and Governor Reynolds signed it on May 24, 2022. UEN was registered in support.

*The fiscal impact of this bill on school districts was detailed in the [Fiscal Note](#): "House File 2412 will have no fiscal impact to the State but will have a fiscal impact to local school districts. The statewide cost estimate for initial radon testing for public schools is expected to be between \$220,000 to \$330,000. The cost estimate for required additional radon testing to public school districts is currently unknown and will depend on the number of radon tests that provide positive radon results. School districts may choose to use district employees trained in radon testing. Initial measurement specialist certification for radon testing is \$275. Initial mitigation specialist certification for radon testing is \$175. Training for an individual to receive both certifications is \$400. It is unknown how many public-school personnel already have certification or would pursue certification. The estimated cost to public school districts for radon mitigation is currently unknown and would depend on the number of facilities that exceed radon limits."*

### **Politics of School Choice in November 8 General Election:**

Due to redistricting following the Census, you may have a different district number and/or Representative and Senator for the November 2022 election than you have this year. Check for your new legislative district number by entering your address in the search bar on the redistricting page: <https://iowa-legis.maps.arcgis.com/apps/instant/lookup/index.html?appid=d32118cf09ed47beacd12742c1cf3fb3>

Then check out the Iowa Secretary of State list of General Candidates found here <https://sos.iowa.gov/elections/pdf/Candidates/generalcandidatelist.pdf> to confirm if you have new faces that might be representing your school district leading up to and following the Nov. 8, 2022 General Election.

Although there were some media reports of the Governor weighing in on some primaries, passage of vouchers in the 2023 Session is a long way off. The beginning of the school year is a great time to remind candidates about adequate school funding and staff shortages. Advocates can connect with candidates before the election to give them information about the impact and to shore up opposition. Contact us for hints and resources to prepare your conversation for a successful outcome. UEN will have updated Issue Briefs on critical issues, including school choice, adequate funding, teacher shortages and others over the Interim.

### **Advocacy Actions**

Use many of the advocacy tools provided during the Session to review issues with candidates, before the primary, and then again before the General Election on Nov. 8, 2022. Sit down with candidates from both parties and discuss the impact of education savings accounts or vouchers on your school district and students. Use the UEN Issue Brief on school choice or contact us and we will get you information to

share about the experience of vouchers in other states. Teacher shortage and salary is also a topical issue for the 2023 Session.

**Send a note to your legislators:** This is a good time to circle back and reinforce your local connections. Thank them for working on teacher shortage policies and for being there to represent you and your district. If they had committed to you their opposition to vouchers, you could thank them for that as well.

Find Senators here: <https://www.legis.iowa.gov/legislators/senate>

**Connecting with Legislators during the Interim:** check with your legislators soon how best to reach them when they are not in Session. Many use their campaign or personal email addresses rather than the email address at the Capitol. The House and Senate Switchboard phones are not in use unless they are in Session, but you can likely find their phone number and email address on that Secretary of State's link above if they are in either the primary or the general election (that is all House Representatives and half of sitting Senators). They may tell you email, text message or phone call is the best way to connect with them during the Interim, based on their personal preferences.

**UEN Advocacy Resources:** Check out the UEN Website at [www.uen-ia.org](http://www.uen-ia.org) to find Advocacy Resources such as Issue Briefs, UEN Weekly Legislative Reports and Weekly Capitol Video Updates, UEN Calls to Action when immediate advocacy action is required, testimony presented to the State Board of Education, the DE or any legislative committee or public hearing, and links to fiscal information that may inform your work. The latest legislative actions from the Statehouse will be posted at: [www.uen-ia.org/blogs-list](http://www.uen-ia.org/blogs-list). See the [2022 UEN Advocacy Handbook](#), which is also available from the subscriber section of the UEN website for advocacy ideas during the Interim.

## UEN 2022 Legislative Priorities & Status

The following **2022 Legislative Priorities** originated as key priority issues for the Urban Education Network of Iowa. The UEN Legislative Subcommittee drafted the priority language for approval by the full UEN Steering Committee. These priorities were then shared with the full UEN membership at the Annual Meeting in November 2021. The UEN 2022 Annual Meeting is scheduled for November 16, 2022, at the Hilton Des Moines Downtown, 6 p.m. See the UEN website for more information: [www.uen-ia.org](http://www.uen-ia.org)

**Key:**  Mission Accomplished  Some Action, but More is Needed  No Progress Made

**Historic Tax Cuts Enacted:** HF 2317 was signed by the Governor on March 1. UEN opposed the bill, which will reduce general fund revenue significantly, hindering the ability of the state to adequately fund schools and other essential state services. During the debate, there was strong difference of opinion, with the Republicans stating that these tax cuts will stimulate Iowa's economic growth and the Democrats stating that other states' experiences have not delivered such growth. This chart from the [LSA Fiscal Note](#) shows the total estimated reduction of taxes:

\* The tax reduction and retirement income components were estimated separately and in combination. This table presents the fiscal impacts separately, and the final line of the table adjusts for the interaction of the two tax reductions.

Status of this year's activity is summarized for each priority below:

**Adequate School Resources:** the increase in SSA should be no lower than 3.75% in FY 2023 due to abundant state surplus, maintain balanced state and local resources, be predictable, and assure adequate time for budget planning and staffing.

**Formula and Transportation Equity:** formula equity, closing the state/district per pupil gap within ten years and continued transportation equity support without burdensome reporting requirements.

**Priority Action:** [HF 2316](#) State Supplementary Assistance (SSA). The bill was signed by the Governor on Feb. 17. The bill does the following:

- Establishes a 2.50% growth rate to be applied to the State cost per pupil (SCPP) for FY 2023, for an SSA of \$181 per pupil.
- Establishes a 2.50% growth rate to be applied to each of the State categorical per pupil amounts for FY 2023 (TLC, PD, TSS, EICS, and Transportation Equity).
- Provides an additional increase of \$5 to the FY 2023 regular program SCPP, separate from the SSA, to reduce the difference between the SCPP and district cost per pupil to \$140.
- Freezes the additional levy portion of the FY 2023 SCPP at \$685 per pupil, regardless of the per pupil increase for FY 2023 (property tax relief)
- Increases the appropriation to the Transportation Equity Program to equal the amount necessary to make all transportation equity aid payments.
- UEN opposed HF 2416, Historic Tax Cuts, under consideration at the same time as HF 2316 School Funding. The Legislature and Governor could have set the SSA rate at 3.75% and funded other UEN priorities and still cut taxes significantly.

[HF 2315](#), Supplemental Education Funding, would have provided \$19.2 million in supplemental funding to help schools with inflationary costs. The bill was approved in the House, 94:1, but died in the Senate Appropriations Committee with no further action.

***UEN opposed the lower Senate recommendation and registered as undecided on HF 2316 and in support of HF 2315. The 2.5% per pupil increase was below UEN's request for 3.75%, however, the bill also increased transportation equity appropriations and closed the formula equity gap by another \$5 per pupil, now to \$140. The total funding provided to public schools was below what was requested by UEN members.***

**Educator Shortage and Quality Instruction:** maximum flexibility to hire staff to provide great instruction, including several strategies to attract and retain quality staff; flexibility to meet offer and teach requirements, loan forgiveness programs, a special education generalist credential, creation of a Public Service CTE strand, hire retirees without IPERS impact, and elimination of barriers to licensure.

**Priority Action:** Many bills to address the teacher shortage and increase flexibility were introduced and discussed in the 2022 Session. Here's a list of bills UEN was following, their status and UEN registration.

Bill Number	Bills to Address Teacher/Substitute Shortage/ Alternative Licensure	2022 Legislative Action
<a href="#">HF 2493</a>	Para-educators may substitute in any classroom except Drivers' Education with a waiver from BOEE 2021-22 school year (ARRC). Requires the individual be paid the higher of the substitute per diem or their para wage. Approved in the House 99:0 and in the Senate 47:0, sending it to the Governor. UEN supports.	Governor Veto. BOEE admin rules are addressing it.
<a href="#">SF 2296</a>	IPERS Income Threshold for Re-employment is increased to \$50,000 and the school board member conflict of interest threshold is increased to \$20,000. UEN supports.	<b>Signed by the Governor</b>
<a href="#">SF 2377</a>	Teach Iowa scholar program eligibility, Teacher Intern license for grades 6-12 issued by the BOEE, and the use of revenues from the district management levy for teacher recruitment costs (limited to 10% of minimum teacher pay per teacher, no more than 5 years, and either early retirement or teacher recruitment each 5-year period. UEN is registered in support.	Died on the House Calendar
<a href="#">SF 2356</a>	Allows school boards to engage certain specified individuals to serve without compensation as substitute teachers. Approved in the Senate 38:7, on 2.28.22. UEN is registered as undecided.	Died on the House Calendar
<a href="#">HF 2083</a>	Changes eligibility for Teach Iowa Scholar Program (no longer must be in top 25% of class) and specifies that half of the grants go to teachers in districts, charter and private school below 1,200 enrollment and half above. UEN is registered in support.	Also in Gov.'s School Choice SF 2369. Both bills died.
<a href="#">HF 2081</a>	Eliminates requirement for PRAXIS test for entry to college education program and requires higher education institutions to notify graduates with PRAXIS scores below the cutoff that they may apply for an initial license. Passed the House 94:0 on 2.28.22. UEN is registered in support.	<b>Signed by the Governor</b>
<a href="#">HF 2165</a>	Last Dollar Scholars: makes part-time student eligible for Last Dollar Scholars financial support. Approved 99:0 in the House on 3.2.22. UEN is registered as undecided.	<b>Signed by the Governor</b>
<a href="#">HF 2398</a>	Permanent Teacher License for master's or doctoral degree educators (no CEU's required.) Requires charter schools and private schools to conduct background checks, adds a minimum ten-year work requirement for these teachers before waiving future licensure renewals, requires the BOEE to do a background check on these permanent teachers every 5 years and allows BOEE to charge a reasonable fee for the background check. Approved 99:0 in the House. UEN is registered as undecided.	Died on Senate Calendar (Was also School Choice SF 2369 which died in House Appropriations Committee.
<a href="#">SF 2383</a>	Work-based Learning Governor's Bill: Strikes a requirement for any licensee to have been licensed for at least one year in another jurisdiction to receive a reciprocity license in Iowa without an examination. (This provision is not specific to military or spouses.) UEN supported this provision but registered undecided on the bill.	<b>Signed by the Governor</b>

**Local School Board Authority:** locally elected leaders closest to the community are in the best position to determine the interest of students, staff and stakeholders. District leaders need maximum flexibility to provide a great education to all students. The Legislature, the Executive Branch and the courts should follow Iowa Code 274.3 and liberally construe statute to effectuate local control.

**Priority Actions:** several bills either promoted or inhibited local control. Most of those promoting flexibility involve teacher recruitment flexibility noted above.

**HF 2412 Radon Testing and Mitigation:** pending Governor's Signature. Requires testing every 5 years, mitigation under certain circumstances. Allows school employees to do the testing and mitigation if trained appropriately. Allows use of SAVE at board discretion to pay for testing and mitigation. UEN supported. Signed by the Governor.

**SF 2383 Governor's Workforce Development:** requires school districts to report to the DE about work-based learning, internships, and apprenticeships, etc., annually. Also allows school districts to hire applicants with other state licenses without any requirement for one year of experience. *Approved in the House 4/26/22.* UEN undecided. During the debate in the Senate, a provision was added to require the BOEE to waive licensure fees for any applicant whose income is below 200% of the FPL (\$27,180 for a single individual in 2023.) We believe this income level would have exempted most new college graduates who are teachers, leaving the BOEE with a significant revenue reduction. The [Fiscal Note](#) explains: Division IV is estimated to decrease revenue to the BOEE \$205,000 FY23 and \$390,000 FY24 and beyond. *This provision was amended by the Education Appropriations bill, excluding the BOEE from the fee waiver, so will not go into effect.* UEN was registered as undecided. Signed by the Governor.

**SF 2369 Governor's School Choice Omnibus:** mandates high stakes civics test for graduation, transparency provisions regarding parents' and community access to materials (unfunded mandate) and several appeals steps for library book decision-making process (overrides local district and school board determinations.) Senate improved the transparency provision with a parents' rights bill that is more flexible for school compliance and does not include appeals. **HF 2577** Transparency removes the high stakes test but still requires annual reporting of test scores and allows compliance by providing parents' access to instructional management system. Still requires posting of core materials. *This bill is currently assigned to the House Appropriations Committee at the time of this writing.* UEN opposed to Governor's bill and original provisions in House. Undecided on HF 2577 (which died in the Senate) and Parent's Rights **SF 2205** which alone died in the House, but was also part of SF 2369 School Choice. *Died in House Appropriations Committee.*

**HF 2254 Online Learning:** would have allowed school board to use up to 5 virtual days to make up snow days. The bill did not progress out of the House Education Committee. UEN supported this bill.

**HSB 574 Start Date:** would have allowed schools to start school as determined by the school board, but did not progress out of the subcommittee. UEN supported this bill.

**Quality Preschool:** funding of quality PK at the 1.0 per pupil cost for full time or prorated proportionally and formula protections against budget and program impacts of PK enrollment swings (budget guarantee/on-time spending authority).

**Priority Action:** note about COVID-19 Impact: PK enrollments fell in the Fall 2020. PK does not have an on-time funding component or budget guarantee, so the 2021-22 PK budgets were based on the Oct. 1, 2020 enrollment count. FY 2022-23 PK budgets will be based on this Oct. 1 PK head count. PK enrollment bounced up last October, but Iowa was still 2,000 preschool students below pre-pandemic levels. DE guidance prohibits school districts from using general fund for PK expansion. Federal ESSER or ARP funds could be used for PK. Funds transferred to the Flexibility Account and Title I funds could also be used for PK expansion. However, there were no bills that moved forward out of a subcommittee and no process for spending authority or direct state appropriation for the FY 2022-23 school year.

**HF 318 PK for Young 5s:** would have allowed districts to serve and count young 5-year-olds in PK, was approved by the full House, Senate Education Committee and Senate Appropriations Committee, but died on the Senate Calendar in the 2021 Session. Although the bill remained alive for consideration this year, did not survive the second funnel deadline. UEN was undecided on this bill.

**Opportunity Equity:** resources based on at-risk need, in addition to enrollment. All school boards should have 5% dropout prevention funding. School districts should be granted spending authority for FRPL waived fees and Iowa should study the impact of poverty on educational outcomes.

**Priority Action Poverty Weighting:** despite the School Finance Interim Committee recommending in 2019 and the House Education Committee approving a bill, [HF 2490](#), the study of the impact of poverty on education and funding formula options to meet the needs of students did not advance out of House Appropriations Committee in 2020. No bill was moved forward in either the House or Senate in 2021 or 2022, taking a step backwards in the policy discussions. FYI: Children from families with incomes at or below 130% of the poverty level are eligible for free lunch and those with income from 130-185% are eligible for reduced lunch.

**Priority Action Dropout Prevention:** [HF 2008](#) and [SF 2003](#) were both introduced and approved by subcommittees 2:0. The bill(s) would have phased all districts up to the full DoP capacity (5% of regular program district cost) over several years. The bills were not approved by either the House or Senate Education Committee.

**Assessing and Addressing Staff/Student Social, Emotional and Behavioral Health:** access to funded mental health services for children and supports for staff. Address the shortage of mental health professionals and provide resources over the next two years for local districts to train school staff based on a local needs and community capacity to collaborate for a collective solution.

**Priority Actions [HF 2549](#) MH Loan Repayment Program:** creates a new student loan forgiveness program for mental health professionals working in Iowa. Signed by the Governor.

**[HF 2575](#) Education Appropriations:** Provides a new \$520,000 appropriation to the College Student Aid Commission for the purpose of supporting a newly created Mental Health Practitioner Loan Repayment Program. Also appropriates \$3.4 million, an

increase of \$200,000 to AEAs to provide mental health awareness training for educators and support mental health needs of students. Requires \$200,000 to be used to implement a children's grief and loss rural pilot program to serve Iowa children in rural school districts or accredited nonpublic schools. The pilot program will be administered by, and \$200,000 allocated to, an existing statewide not-for-profit health care organization that provides grief and loss services to children. In collaboration with the organization, requires DE to prepare a report detailing expenditures of the program and its outcomes to the General Assembly by Sep. 30, 2023. Also appropriates \$500,000 to DE for therapeutic classroom transportation reimbursements and \$2.4 million for the therapeutic classroom incentive fund (an increase of \$725,000). UEN was registered as undecided on the bill. The Governor signed it.

**HF 2245 Telehealth Insurance Coverage/Out of State Providers:** approved 94:0 in the House. *Did not make it out of the Senate Human Resources Committee. UEN supported this bill.*

**Internet Connectivity and Access:** expanded access to high-speed Internet for all Iowans including incentives, investments, and creative solutions to close technology gaps for students, businesses and community members in Iowa. Low income should not be a barrier to access.

**Priority Action:** No additional action has been taken this year, but last year's investment of state and federal resources was significant. UEN is currently monitoring status as broadband Internet expands across the state with significant federal funding.
