FORMERLY SILVERBACK LEARNING SOLUTIONS

EDUCATIONAL TECHNOLOGY REDEFINED

ISFIS, Inc.

Iowa School Finance Information Services

STRATEGIC PARTNER

EdPower is committed to providing customized solutions that work together to optimize your school's learning environment. By partnering with us, ISFIS members will access exclusive pricing on tools that will support your school's mission to advance student achievement through effective instructional strategies.

EdFolio

OBSERVE teachers at times that fits your schedule. Adopt an evaluation model that incorporates both ad-hoc and formal observations. Support emerging mentor programs. Increase teacher effectiveness.

RECORD displays of evidence. Build a portfolio that reflects your accomplishments. Pull data from EdHub to easily include results, lesson plans and more!

GROW as a lifelong learner by accessing courses that align with state and district requirements. Track PLU progress as applicable. Streamline access to district approved resources.

EdHub

MANAGE student performance data and instructional program results all in one place. Platform designed with the teacher in mind for quick and easy use. Scale functionality over time.

PERSONALIZE learning plans and interventions that guide your students from Pre-K through high school. Start each year with all the information you need.

FOSTER a culture of collaboration and keep parents in the loop with secure, real-time access to their child's progress. Set up professional learning communities to improve fidelity.

EdAssess

BUILD a standards-aligned assessment generated from KDS and custom item banks offering 100,000 items and over 650 pre-built assessments.

DELIVER using one of over a dozen item types online or through printed answer sheet. Access through multiple devices.

VALIDATE results through EdAssess' suite of reports. Compare class summaries, performance bands and review longitudinal history to create plans in EdHub.
